

Photostory Storyboard Sample

A storyboard is a way to help a video maker plan his/her project so well that editing goes as quickly as possible. Use this form to create your storyboard. It will make editing your photostory a very smooth process. Reproduce this form as necessary for the length of your project.

<p style="text-align: center;">Audio</p> <p><i>Copy the sentences/words/phrases from your story into each box according to the image you plan to accompany them. Include any music you intend to use to accompany the visuals.</i></p>	<p style="text-align: center;">Video</p> <p><i>Write a brief description of each image you plan to use. <u>List the source of the image.</u></i></p>
<p>Music: "You Sexy Thing" by Barry White (fade out before "one adorable example")</p>	<p style="text-align: center;">Black</p>
<p>Myth: Homosexuality does not exist in nature.</p>	<p style="text-align: center;">Text on black</p>
<p>Many people believe that homosexuality is not natural because it does not exist in the animal kingdom.</p>	<p style="text-align: center;">http://animals.timduru.org/dirlist/prairie_dog/White-tailedPrairieDog_01.jpg</p>
<p>However, scientific research shows that homosexuality is in fact present in almost all animal species.</p>	<p style="text-align: center;">http://graphics8.nytimes.com/images/2007/01/24/science/25sheep_lg.jpg</p>
