Dear Middle School Parents,

Physical activity promotes not only the physical but the mental and social development of a child. It builds a base for confidence and character that a student can rely upon during any aspect of their lives. The intramural program provides your children the opportunity to participate and thrive in a self-motivated activity which is enhanced by the professional instructor involved.

It is our job as educators to offer the widest variety of learning experiences for our students. The Jericho Middle School Intramural Program allows for a wide range of students to participate in a fun and friendly atmosphere along with their peers. In a non stressful, low competitive situation, our students can find a comfortable niche in the athletic arena.

I thank you for your cooperation and look forward to a successful year for all of our students. If you have any questions or concerns please feel free to call me at the number below.

Sincerely,

Mark Burkowsky
Middle School Intramural Coordinator
